BAKING INGREDIENTS

Qfoods Canada Introduces

Non Dairy Whip Cream Powder

All you do is just add cold water and whip.

With latest technology and innovations in food sciences, we have created a very convenient and cost effective non-dairy whip cream. What you get is a fool proof whip cream which whips up to 4 times in volume. It saves you money by eliminating the need for expensive cartage or transportation and needs no refrigeration.

To prepare Q'licious non-dairy whip cream, you simply add cold water (3°C) to powder and whip. And voila! You get the best quality and tasty non dairy whipped cream.

The powder can be stored for a year in cool temperature. You get the same great taste of real whip cream with very little effort. The product can be formulated to suit your end requirement.

- Whips upto 4 time volume
- No overwhip
- No Refrigeration for storage & transporation
- Great Taste
- Cost effective
- Pre-added Flavours

A great **cost-effective, convenient** and fool-proof solution to a great tasting **Whip Cream.**

*Just add cold water
and whip!*
